

RE: K-LOVE & LPFM radio stations.

I'll be brief. K-Love radio is available in my local community offering inspirational and positive music oriented for families. If it were to be displaced by another program, I would feel a great sense of loss due to the uplifting message K-Love sends. It should be in your interest, along with the public interest and that of myself that we continue to offer and preserve the service that K-Love offers. Thank you.
